Important Information

GENERAL INFORMATION: This form is for use in rendering residential real property inventory owned or managed and controlled as a fiduciary on Jan. 1. This form assists the appraisal district in classifying and appraising property as inventory. Inventory includes residential real property which has never been occupied as a residence; held for sale; remains unoccupied; is not leased or rented; and produces no income (Tax Code Section 23.12). This report is confidential and not open to public inspection; disclosure is permitted pursuant to the terms of Tax Code Section 22.27.

Unless required by the Tax Code or the chief appraiser, rendering real property is optional. File a separate rendition form for each subdivision or group of contiguous properties. To render real property that does not qualify as residential real property inventory, use Form 50-141 General Real Property Rendition of Taxable Property.

FILING INSTRUCTIONS: This document and all supporting documentation must be filed with the appraisal district office in the county in which the property is taxable. Do not file this document with the Texas Comptroller of Public Accounts. Contact information for appraisal district offices may be found on the Comptroller's website.

DEADLINES: Rendition statements and property report deadlines depend on property type. The statements and reports must be delivered to the chief appraiser after Jan. 1 and no later than the deadlines indicated below.

Table with 3 columns: Rendition Statements and Reports, Deadlines, Allowed Extensions. Rows include Property generally (April 15) and Property regulated by the Public Utility Commission, Railroad Commission, etc. (April 30).

# Residential Real Property Inventory Schedule

Provide the description of each property including the appraisal district account number (if the district has assigned separate numbers for each property), the individual property legal description, improvement area, percent complete on Jan. 1 and the asking price for the property. Providing the estimated land and improvement value are optional.

Complete this table (attach additional sheets as necessary) or a spreadsheet setting forth the required information. All such information must be separately identified in a manner that conforms to the column headers used in the tables or that is acceptable to the property owner and appraisal district.
