Texas Property Tax Code

Section 6.12. Agricultural Appraisal Advisory Board

(a) The chief appraiser of each appraisal district shall appoint, with the advice and consent of the board of directors, an agricultural advisory board composed of three or more members as determined by the board.

(b) The agricultural advisory board members must be landowners of the district whose land qualifies for appraisal under Subchapter C, D, E, or H, Chapter 23,1 and who have been residents of the district for at least five years.

(c) Members of the board serve for staggered terms of two years. In making the initial appointments of members of the agricultural advisory board the chief appraiser shall appoint for a term of one year one-half of the members, or if the number of members is an odd number, one fewer than a majority of the membership.

(d) The board shall meet at the call of the chief appraiser at least once a year.

(e) An employee or officer of an appraisal district may not be appointed and may not serve as a member of the agricultural advisory board.

(f) A member of the agricultural advisory board is not entitled to compensation.

(g) The board shall advise the chief appraiser on the valuation and use of land that may be designated for agricultural use or that may be open space agricultural or timber land within the district.

Section 23.51. Definitions

In this subchapter:

(1) “Qualified open-space land” means land that is currently devoted principally to agricultural use to the degree of intensity generally accepted in the area and that has been devoted principally to agricultural use or to production of timber or forest products for five of the preceding seven years or land that is used principally as an ecological laboratory by a public or private college or university. Qualified open-space land includes all appurtenances to the land. For the purposes of this subdivision, appurtenances to the land means private roads, dams, reservoirs, water wells, canals, ditches, terraces, and other reshaping of the soil, fences, and riparian water rights. Notwithstanding the other provisions of this subdivision, land that is currently devoted principally to wildlife management as defined by Subdivision (7)(B) or (C) to the degree of intensity generally accepted in the area qualifies for appraisal as qualified open-space land under this subchapter regardless of the manner in which the land was used in any preceding year.

(2) *“Agricultural use” includes but is not limited to the following activities: cultivating the soil, producing crops for human food, animal feed, or planting seed or for the production of fibers; floriculture, viticulture, and horticulture; raising or keeping livestock; raising or keeping exotic animals for the production of human food or of fiber, leather, pelts, or other tangible products having a commercial value; planting cover crops or leaving land idle for the purpose of participating in a governmental program, provided the land is not used for residential purposes or a purpose inconsistent with agricultural use; and planting cover crops or leaving land idle in conjunction with normal crop or livestock rotation procedure. The term also includes the use of land to produce or harvest logs and posts for the use in constructing or repairing fences, pens, barns, or other agricultural improvements on adjacent qualified open-space land having the same owner and devoted to a different agricultural use. The term also includes the use of land for wildlife management. The term also includes the use of land to raise or keep bees for pollination or for the production of human food or other tangible products having a commercial value, provided that the land used is not less than 5 or more than 20 acres.*

Texas Constitution

Article 8. Taxation and Revenue

Sec. 1-d. ASSESSMENT OF LANDS DESIGNATED FOR AGRICULTURAL USE.

(a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. "Agricultural use" means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax

shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section.

(Added Nov. 8, 1966.)

Sec. 1-d-1. TAXATION OF CERTAIN OPEN-SPACE LAND.

(a) To promote the preservation of open-space land, the legislature shall provide by general law for taxation of open-space land devoted to farm, ranch, or wildlife management purposes on the basis of its productive capacity and may provide by general law for taxation of open-space land devoted to timber production on the basis of its productive capacity. The legislature by general law may provide eligibility limitations under this section and may impose sanctions in furtherance of the taxation policy of this section.

(b) If a property owner qualifies his land for designation for agricultural use under Section 1-d of this article, the land is subject to the provisions of Section 1-d for the year in which the designation is effective and is not subject to a law enacted under this Section 1-d-1 in that year.

(Added Nov. 7, 1978; Sub. Sec. (a) amended Nov. 7, 1995.)
